

Year 8 and 9

Saturday Maths and Science Clubs

17th January 2015

21st February 2015

14th March 2015

18th April 2015

16th May 2015

20th June 2015

Sessions run from 10am–12 noon then 12.30pm–2.30pm.
Students will do maths in one session and science in the other.
There will be a break for lunch between 12–12.30pm.
Please provide a packed lunch for your child.
Sessions are staffed by qualified teachers, PGCE students and undergraduate students.

Mathematical Education on Merseyside

Maths masterclasses provide an excellent opportunity for able and enthusiastic pupils from all over the North West to meet up and explore mathematical ideas. The UTC masterclasses will build upon and extend the very successful series of MEM masterclasses and will be supported by MEM. Speakers come from the local mathematical community and some from further afield, with each interactive session exploring a different area of mathematics.

SCIENCE EDUCATION MERSEYSIDE

SEM Science clubs provide an excellent opportunity for able and enthusiastic pupils from all over the North West to complete their Bronze CREST Award whilst exploring science ideas, teamwork, transferable skills and independent research.

Students will have the opportunity to experience the project process; improving their enquiry, problem solving and communication skills.

Register online at www.lifesciencesutc.co.uk/MEMandSEMmasterclasses

We ask that you make a small contribution of £20 per child towards the overall running costs. Financial support is available where required, please contact l.macaulay@lifesciencesutc.co.uk for more information.

Last date for registration, 17th December 2014.

Sessions will take place in a new city centre venue, **Liverpool Life Sciences UTC, CUC Building, Greenland Street, Liverpool, L1 0BS.**

Parking is available on street outside the building. Parents are able to wait in the reception area if they would like to.
